

# Growth Group Homework

Week of October 25, 2020

## Warm-Up

1. From last week's discussion, was there anything you have been able to apply?
2. What is the best financial advice you have ever received?

## Talk it Over

3. Looking back at your notes from this week's message, what did you find most challenging or helpful?
4. Can you think of a time that you missed your chance on an opportunity or experience? What was it like to miss out?
5. Bevan said, "One of the reasons God sends us opportunities is to grow us. But, if we are going to act on the opportunities and experience the growth, we have to make changes to what we are currently doing." What do you think about this statement? How have you seen this happen in your life?
6. Read Luke 12:13-21. What are the values and perspectives of the people in this story?

- Which of these values or perspectives do you see in your life?
7. Bevan shared three questions we can pray as we consider participating in the Next Move campaign. What could be the benefit of asking these types of questions in more areas than just finances?
  8. When considering the Next Move campaign, what are some of our common values and perspectives that these questions challenge?

## Take it Home

9. When this week could you pray through the three questions? What might be the challenges or obstacles that could arise?

## Prayer Focus:

**Matthew 6:21** For where your treasure is, there your heart will be also.

## Things to pray through:

- For God to show us the different things we treasure in our hearts.
- That we can be generous and contribute with a grateful heart.
