

Growth Group Homework – October 9, 2022

Warm-Up

1. What was your family's attitude towards money when you were growing up?

Talk it Over

2. Summarize your top takeaways from the message.
3. We have talked about responding to the financial squeeze by trusting God to provide for us as we carry our own load, choose to be content, and seek Him instead of giving in to worry. On Sunday we learned that generosity is the clearest indicator of trusting God with our needs. Why do you think this is?

Question: Why is it important that we practice all 4 of the things we have talked about over the last few weeks? What would happen if you left out generosity?

4. Read 2 Corinthians 8:1-7. What do we learn about the Macedonians and their giving? What principles do you observe?

Question: Why would Paul (the author of this letter) share the example of the Macedonian churches with the Corinthians?

5. Bevan pointed out that generosity is like digging a well that taps into God's joy. What are some of the ways your joy has been impacted by generosity?

Question: What has been the greatest motivator for you to set a pattern of giving and tithing?

Take It Home

6. What is one thing from this lesson you can do to start practicing generosity?
