## **Growth Group Homework – March 5, 2017**

It is very easy to become lost in the moment and live for nothing bigger than here and now. When this occurs, we spend our lives going in circles and miss the larger purposes for which we were created. Two ways this happens are getting lost in the crowd and getting lost in greed.

### **Warm-Up**

1. What occupation would you least like to do?
2. Are you more likely to do what is popular or go against the crowd? Explain.

### **Talk it Over**

3. What part of the message stood out to you and why?
4. Bevan explained how people often rely on the crowd as a compass to get direction in life. In our culture, what are some of the ways you have seen the crowd impact people? What has been your experience with this?

Like Zacchaeus, many people pursue money because they think it will solve their problems. Have you ever experienced a time when money did not produce the result you wanted? How did your expectations compare with the outcome?

What do you think helps people realize money is a poor or empty guide?

Read the following passages, and discuss the perspectives God wants us to have toward people who do not know Him.

Acts 17:26-27

Colossians 4:5-6

2 Corinthians 5:20

How do you think having these perspectives would impact how you interact with people?

What are the challenges to approaching life in the way these verses describe?

### **Take it Home**

7. Bevan said most opportunities to help lost people will happen when you are busy doing something else. What can you start doing this week to make people a higher priority in your day?

**Memorize:** Colossians 4:5-6
