Decision 2016: Voter Apathy

Similar to our view of our vote in political elections, we can think our daily decisions don't matter. When in reality, God views all our days as being important because we get to make decisions that have the power to shape the future.

Warm-Up

1. What is a recent decision you are really glad you made?

2. What is one thing you have been meaning to do but haven't gotten around to yet?

Talk it Over

3. What part of the message stood out to you and why?

4. Read Ephesians 5:15-20. What does this passage have to say about our daily decisions?

What has been your experience with the ideas in this passage?

5. What would be some of the indicators that someone takes their daily decisions seriously?

On a scale from 1-10, (1 being not seriously to 10 being very seriously) how do you treat your daily decisions?

6. What do you think causes people to think God is not concerned with our daily decisions?

7. Read Romans 2:4 and 2 Peter 3:8-9. When did you decide to follow Jesus? What or who helped you make that decision?

How do you think your experience could help someone else decide to follow Jesus?

Take it Home

8. Are there any decisions you could make this week that might help someone find Jesus?

Memorize: 2 Peter 3:9
